

Invitation- Illustrated talk *by Tobit Curteis:*

Managing humidity, water, heat & light in conservation of heritage buildings

For all with responsibility or interest in our church buildings.

You are warmly invited to join Tobit Curteis, for a fascinating and informative evening. A specialist in the field of control and investigation of the environment in historic buildings, archives and collections for sustainable development and decarbonisation.

Tobit sits on the board of Historic England Conservation committee, is advisor to Historic England, the National Trust and Church of England, he has worked on a range of buildings including St Paul's Cathedral, Palace of Westminster, York Minster and Buckingham Palace to name a few.

An opportunity not to be missed.

Tobit Curteis, FSA, FIIC,
ACR

Location: St Thomas's, Douglas

Date: 21/04/26

Coffee from 6.30pm, talk 7-8.30pm
