

## **Diocese of Sodor and Man – Safeguarding Vision**

Safeguarding flows from our faith in Jesus Christ – it's part of who we are.

We long for a day when safeguarding is second nature – woven into island life, simple, trusted, and instinctive.

We celebrate a culture of safe care – done well, embraced by all, and part of our shared identity.

We aim for our safeguarding to be clear and compassionate – guided by relationships, not red tape. Simple policies, not fear-driven procedures.

We want every church and ministry to be a place of sanctuary and welcome – for all ages, at all times.
